VOLUME 18 INDEX OF AUTHORS

Adam, Everett E., Jr., *See:* Lee, T. S., Adam, Everett E., Jr., & Ebert, Ronald J.

Aquilano, Nicholas J., *See:* Smith-Daniels, Dwight E., & Aquilano, Nicholas J.

Ata Mohammed, Nassar H., *See:* Courtney, James F., Jr., Paradice, David B., & Ata Mohammed, Nassar H.

Ballou, Donald P., & Pazer, Harold L. *Designing Inspection Strategies for Uncertain Environments.* 18(2), 217-233.

Barron, F. Hutton. *Influence of Missing Attributes on Selecting a Best Multiattributed Alternative.* 18(2), 194-205.

Bechtold, Stephen, E., & Showalter, Michael J. *A Methodology for Labor Scheduling in a Service Operating System.* 18(1), 89-107.

Billington, Peter J. *The Classic Economic Production Quantity Model with Setup Cost as a Function of Capital Expenditure.* 18(1), 25-42.

Braun, Helmut, & Chandler, John S. *Predicting Stock Market Behavior through Rule Induction: An Application of the Learning-from-Example Approach.* 18(3), 415-429.

Brightman, Harvey J. *Toward Teaching Excellence in the Decision Sciences.* 18(4), 646-661.

Carman, James M. *Rules for Church Promotion Decisions.* 18(4), 598-616.

Cats-Baril, William L., & Huber, George P. *Decision Support Systems for Ill-Structured Problems: An Empirical Study.* 18(3), 350-372.

Chandler, John S. *See:* Braun, Helmut, & Chandler, John S.

Courtney, James F., Jr., Paradice, David B., & Ata Mohammed, Nassar H. *A Knowledge-Based DSS for Managerial Problem Diagnosis.* 18(3), 373-399.

Crosby, Michael, Plante, Robert, & Tang, Kwei. *An Economic Modeling Approach for the Determination of Materiality in Auditing.* 18(1), 108-115.

Curatola, Anthony P., Fields, Kent T., Ringuest, Jeffrey L., & Samson, William D. *The Tax Litigation Decision: An Analysis of the Small Claims Division of the U.S. Tax Court.* 18(1), 116-130.

De, Prabuddha. *See:* Pirkul, Hasan, Narasimhan, Sridhar, & De Prabuddha.

Ebert, Ronald J. *See:* Lee, T. S., Adam, Everett E., Jr., & Ebert, Ronald J.

Eckel, Norm. *The Interaction between the Relative Accuracy of Probabilistic vs. Deterministic Prediction and the Level of Prediction-Task Difficulty.* 18(2), 206-216.

Elam, Joyce J., & Konsynski, Benn. *Using Artificial Intelligence Techniques to Enhance the Capabilities of Model Management Systems.* 18(3), 487-502.

Farmer, Timothy A. *Testing the Robustness of Multiattribute Utility Theory in an Applied Setting.* 18(2), 178-193.

Fields, Kent T. *See:* Curatola, Anthony P., Fields, Kent T., Ringuest, Jeffrey L., & Samson, William D.

Flynn, Barbara B., & Jacobs, F. Robert. *An Experimental Comparison of Cellular (Group Technology) Layout with Process Layout.* 18(4), 562-581.

Goul, Michael, & Tonge, Fred. *Project IPMA: Applying Decision Support System Design Principles to Building Expert-Based Systems.* 18(3), 448-467.

Grigsby, David W. *See:* Stahl, Michael J., & Grigsby, David W.

Hamburg, Morris. *See:* Joglekar, Prafulla, & Hamburg, Morris.

Henderson, John C. *Finding Synergy between Decision Support Systems and Expert Systems Research.* 18(3), 333-349.

Horowitz, Ann R., & Horowitz, Ira. *Uncertainty and the Lot-Size Reorder-Point Model.* 18(4), 682-686.

Horowitz, Ira. *See:* Horowitz, Ann R., & Horowitz, Ira.

Huber, George P. *See:* Cats-Baril, William L., & Huber, George P.

Jacobs, F. Robert. *See:* Flynn, Barbara B., & Jacobs, F. Robert.

Joglekar, Prafulla, & Hamburg, Morris. *Industry Resource Allocation to Basic Research under Normally Distributed Benefits.* 18(1), 1-24.

Konsynski, Benn. *See:* Elam, Joyce, J., & Konsynski, Benn.

Kwan, Clarence C. Y., & Yip, Patrick C. Y. *Optimal Portfolio Selection with Upper Bounds for Individual Securities.* 18(4), 505-523.

Lawrence, Edward C. *See:* Mahmood, Mo A., & Lawrence, Edward C.

Lee, T. S., Adam, Everett E., Jr., & Ebert, Ronald J. *An Evaluation of Forecast Error in Master Production Scheduling for Material Requirements Planning Systems.* 18(2), 292-307.

Leong, G. Keong. *See:* Oliff, Michael D., & Leong, G. Keong.

Liang, Timothy T., & Thompson, Theodore J. *A Large-Scale Personnel Assignment Model for the Navy.* 18(2), 234-249.

MacKay, David B., & Villarreal, Angelina. *Performance Differences in the Use of Graphic and Tabular Displays of Multivariate Data.* 18(4), 535-546.

Mahmood, Mo A., & Lawrence, Edward C. *A Performance Analysis of Parametric and Nonparametric Discriminant Approaches to Business Decision Making.* 18(2), 308-326.

Mangiameli, Paul M. *See:* Narasimhan, Seetharama L., & Mangiameli, Paul M.

Mason, Richard O. *See:* Vedder, Richard G., & Mason, Richard O.

Matthews, John P. *See:* Moily, Jaya, P., & Matthews, John P.

McClure, Richard H., & Wells, Charles E. *Incorporating Sales Force Preferences in a Goal Programming Model for the Sales Resource Allocation Problem.* 18(4), 677-681.

Mia, Lokman. *Participation in Budgetary Decision Making, Task Difficulty, Locus of Control, and Employee Behavior: An Empirical Study.* 18(4), 547-561.

Moily, Jaya P., & Matthews, John P. *Procedures for Determining Relative Frequencies of Production/Order in Multistage Assembly Systems.* 18(2), 279-291.

Narasimhan, Seetharama L., & Mangiameli, Paul M. *A Comparison of Sequencing Rules for a Two-Stage Hybrid Flow Shop.* 18(2), 250-265.

Narasimhan, Sridhar. *See:* Pirkul, Hasan, Narasimhan, Sridhar, & De, Prabuddha.

Nunamaker, Thomas R., & Truitt, Jack F. *Rationing Discretionary Economic Resources: A Multiobjective Approach.* 18(4), 524-534.

O'Leary, Daniel E. *Validation of Expert Systems—With Applications to Auditing and Accounting Expert Systems.* 18(3), 468-486.

Oliff, Michael D., & Leong, G. Keong. *A Discrete Production Switching Rule for Aggregate Planning.* 18(4), 582-597.

Ow, Peng Si, & Smith, Stephen F. *Two Design Principles for Knowledge-Based Systems.* 18(3), 430-447.

Paradice, David B. *See:* Courtney, James F., Jr., Paradice, David B., & Ata Mohammed, Nassar H.

Park, Y. S. *See:* Sung, C. S., & Park, Y. S.

Pazer, Harold L. *See:* Ballou, Donald P., & Pazer, Harold L.

Peters, Michael H. *See:* Williams, William W., & Peters, Michael H.

Pirkul, Hasan, Narasimhan, Sridhar, & De, Prabuddha. *Firm Expansion through Franchising: A Model and Solution Procedures.* 18(4), 631-645.

Plante, Robert. *See:* Crosby, Michael, Plante, Robert, & Tang, Kwei.

Rao, Vithala R. *See:* Weiss, Elliott N., & Rao, Vithala R.

Ringuest, Jeffrey L. *See:* Curatola, Anthony P., Fields, Kent T., Ringuest, Jeffrey L., & Samson, William D.

Saaty, Thomas L. *Rank Generation, Preservation, and Reversal in the Analytic Hierarchy Decision Process.* 18(2), 157-177.

Samson, William D. *See:* Curatola, Anthony P., Fields, Kent T., Ringuest, Jeffrey L., & Samson, William D.

Shih, Wei. *Modified Stepping-Stone Method as a Teaching Aid for Capacitated Transportation Problems.* 18(4), 662-676.

Showalter, Michael J. *See:* Bechtold, Stephen E., & Showalter, Michal J.

Smith, Stephen F. *See:* Ow, Peng Si, & Smith, Stephen F.

Smith-Daniels, Dwight E., & Aquilano, Nicholas J. *Using a Late-Start Resource-Constrained Project Schedule to Improve Project Net Present Value.* 18(4), 617-630.

Stahl, Michael J., & Grigsby, David W. *A Comparison of Unit, Subjective, and Regression Measures of Second-Level Valences in Expectancy Theory.* 18(1), 62-72.

Sung, C. S., & Park, Y. S. *Dynamic Lot Sizing for a Single-Facility Multiproduct Problem in a Rolling-Horizon Environment.* 18(2), 266-278.

Swanson, E. Burton. *Information Channel Disposition and Use.* 18(1), 131-145.

Tang, Kwei. *See:* Crosby, Michael, Plante, Robert, & Tang, Kwei.

Thompson, Theodore J. *See:* Liang, Timothy T., & Thompson, Theodore J.

Tonge, Fred. *See:* Goul, Michael, & Tonge, Fred.

Treleven, Mark. *The Timing of Labor Transfers in Dual Resource-Constrained Systems: "Push" vs. "Pull" Rules.* 18(1), 73-88.

Truitt, Jack F. *See:* Nunamaker, Thomas R., & Truitt, Jack F.

Vedder, Richard G., & Mason, Richard O. *An Expert System Application for Decision Support in Law Enforcement.* 18(3), 400-414.

Villarreal, Angelina. *See:* MacKay, David B., & Villarreal, Angelina.

Weiss, Elliott N., & Rao, Vithala R. *AHP Design Issues for Large-Scale Systems.* 18(1), 43-61.

Wells, Charles E. *See:* McClure, Richard H., & Wells, Charles E.

Williams, William W., & Peters, Michael H. *"The Coefficient of Variation as a Factor in MRP Research": A Comment.* 18(1), 146-149.

Wu, Nesa L'abbe. *A Note on a Application of the Analytic Hierarchy Process.* 18(4), 687-688.

Yip, Patrick C. Y. *See:* Kwan, Clarence C. Y., & Yip, Patrick C. Y.
